

United States District Court for the Southern District of New York

If you are a current or former owner or lessee of a U.S. specification model-year 2004 to 2010 BMW 5 Series (E60 and E61) vehicle, you may be eligible for benefits of a class-action settlement.

A court has authorized this notice. You have received this notice because BMW's records indicate that you are a current or former owner or lessee of a U.S. specification model-year 2004 to 2010 BMW 5 Series (E60 and E61) vehicle. This is not a solicitation from a lawyer.

- A nationwide settlement ("Settlement") has been reached in a class action lawsuit against BMW of North America, LLC ("BMW NA") and Bayerische Motoren Werke Aktiengesellschaft ("BMW AG") ("Defendants"). The lawsuit concerns model year 2004 to 2010 U.S. specification BMW 5 Series (E60 and E61) vehicles purchased or leased in the United States or Puerto Rico ("Class Vehicles"). The lawsuit alleges that certain electronic components stored in the spare tire well of the trunk in the Class Vehicles are susceptible to water damage, caused either by clogged sunroof drainage tubes or by some other means of water ingress. Defendants have denied these allegations.
- The Settlement provides an opportunity to be reimbursed for certain past expenses and to obtain a free inspection, relocation, and repair of the affected electronic components.
- Your legal rights are affected whether you act or don't act, so please read this notice carefully.
