Judging classes (all judged classes are judged by the same criteria).

- **Anfängers (Novice):** This class is to encourage BMW owners who have not participated in a concours event to come out and see what concours is all about with limited pressure. Anfängers Class is for owners who have not participated in an NCC sponsored concours event. If an owner has entered any BMW in a previous NCC sponsored concours, they are prohibited in entering any car in this class. One award will be presented and the winner is determined by a peoples choice ballot.
- **Meisters (Past Concours Class Winners):** In an effort to promote participation and have the best of the best compete among the best, this class is reserved for any and all past class winners of the DMC. Any BMW owned by the same person, that won first place in a past DMC, must compete in the Meisters class before the car can return to the general classes. (The past year's Best in Show winner is prohibited from competing in the next years DMC but is encouraged to return the car to the show for exhibition.) Only a first place award is presented in this class.
- **General (all others):** Judges and the concours chairs will determine general judging classes based on the cars entered at the time registration closes on show day. Attempts will be made to group cars so each class will have at least four to five entrants and the class contains cars similar in age and character.
- **Judges Choice:** The judges may award a car of significance the Judge's Choice Award.
